Texas Brine has moved their contractors into 3 of the homes they have purchased from nearby homeowners, even though the State's emergency evacuation order remains in place. 66 of the 150 homes in the area have been bought by Texas Brine as of March 21st. They continue to pay \$875/week to those homeowners who have evacuated, some 19 months after the original sinkhole formation in August of 2012.
